A. M. WOOSTER TAKES PARTNER IN PATENT FIRM

Fred H. Bowersock, Noted In Legal Circles, Joins Local Attorney

A. M. Wooster, one of the foremost if not the dean of the patent attorneys of Bridgeport, has acquired a partner and hereafter the long established firm will be known as Wooster & Bowersock. The present offices refitted for the purpose of the added clientele will be maintained in the Security building at 115 Main street.

Security building at 115 Main street.
During a period of approximately years spent in procuring patents Washington and Bridgeport, Mr. Wooster has remained alone in busiss, having, during that time, taken out patents for thousands of inventors. His reputation in this commun-

Fred. H. Bowersock of Chicago and *W Tork, is also widely known throughout the United States both for his command of technical mechanical knowledge, and his legal achievements in the United States courts. He was associated in the one of the greatest patent litigations ever tried in the United States courts, known as Bowers vs. the Atlantic, Gulf & Pacific Co. These suits covered a period of years, every form of contest known to the patent office or the courts being fought from San Francisco to New

Mr. Bowersock, son of ex-Congressman Bowersock of Kansas, was graduated from the University of Kansas in 1888 with the degree of mechanical engineer. He is also a graduate of the legal department of the University of Chicago where he practiced for five years before es-tablishing himself in New York city. where the office will be maintained in connection with that in Bridgeport. For many years he has practiced widely among New England manufac-turers and the establishment of the partnership here will bring him in closer touch with his clients in Con-

Under the present sopartnership the firm of Wooster & Bowersock will assume an enviable position in the national field, for the reputations of both partners is extensive and the combin-ation of interests is momentous in their field of endeavor.

BUILDING NEW Y. W. C. A. MAY SUFFER DELAY

(Continued from Page I.) Sishop estate now occupied by the

er the terms of this lease it was agreed that in the event of a specific purchase price being set by a third party, the club should have six months' period in which to meet the price and take ownership. This opon will expire on November 12. The University club up to the present time has not fully decided upon its course of action, though it is confidently be-lieved by club members that a pur-chase will not be considered.

Members of the building commit-tee of the Y. W. C. A. are said on the other hand to be deterred from making further search for a property bese of the greatly advanced prices building material, which, at this e would necessitate curtailing plans eing worked out upon a basis of the ubscriptions recently pledged.

Several overtures for a new site or the University club are said to ave fallen through, though search desirable location is in pro-

Pairfield Avenue Block Remodeling Plan of Anderson

Overcrowded conditions in centrally cated garages are said to have caused the opening of negotiations looking for owners in the Fairfield avenue district. It was announced from the of-fices of Percy P. Anderson today that plans are under way for the recon-struction of the big yellow apartment block, 37-383 Fairfield avenue, oppoite the police and charities building, at present occupied on the ground floor by the Connecticut Auto Co., the Borden Condensed Milk Co., and James Patrino's restaurant. About 16 families live in the three upper ors of the brick structure that extends back with frontage in Cannor

It was learned that the reconstrucwary 1 when the present leases expire Max Cohen, head of the Connecticu Sales Co., stated that he would sublet his lease for the present. Borden's management asserted that it would soon occupy the Hamilton sta-bles in Broad street which will be remodelled. Arrangements for the re-moval of the restaurant are not as yet

Beek Conductor of Car On Wnich Moran Took His Last Ride

Coroner John J. Phelan was called to South Norwalk this afternoon to investigate the death of a boy was run over by a wagon. He had not been informed of the boy's name. No findings have yet been made in the cases of Thomas Moran and Robert Beeman, who died in this city last The coroner is still waiting for the Connecticut Co. to find the conductor in charge of the car on which Moran was a passenger. In the eman matter the coroner is anxious to learn something about Beeman's actions in Bloomfield before he came
